LIGHT AND DARK,

Day and night, sunshine and shadow are not more different from each other than a healthful from a sickly woman. The healthful woman carries light and sunshine with her wherever she goes.

The woman who suffers from ill-health carries a shadow

cannot help it. Those who suffer cannot smile and sing. Ill-health in woman is generally traceable to disease of the delicate womanly organism. Many women have been restored to happiness by the use of Dr. Pierce's Favorite Prescription. If there is an invalid woman, suffering from female weakness, prolapsus, or falling of womb, or from leucorrhea who has used Dr. Pierce's Favorite Prescription without complete success Dr. Pierce would like to hear from such person—and it will be to hear from such person—and it will be to hear advantage to write as he offens, in perfect good faith, a reward of \$500 for any case of the above maladies which he cannot cure.

"I feel it my duty to inform you that I had been a sufferer for many years from nervousness with all its symptoms and complications, writes Mrs. O. N. Fisher, of 1861 Lexington Ave. New York, N. Y. INTERPARLIAMENTARY UNION.

The Interparliamentary Union in session in St. Louis whose mission to the United States is to advance the cause of peace, and bring about, if possible, up in earnest yesterday the important matters before it. The session was held in the Hall of Congresses, at the World's Fair, which was superbly decorated with the flees of all nations and palms and the flees of all nations are particular. universal international arbitration, took

with intervention in the Russo-Japanese war, international agreement and the war, international agreement and the calling of another session of the conference held at The Hague. The latter proposition possessed the most far-reaching possibilities. It had already caused heated debate in the council, and its phraseology was decided upon only after

a compromise in which American word-ing preponderated.

Congressman Burton, of Cleveland, was the spokesman of the council on The Hague resolution. The proposition to undertake to secure intervention in the far East was presented by Le Comte Goblet d'Alviella, of Belgium, and Dr. Gobat, of Switzerland, submitted a report dealing with the interna-

war. It reads:

"The Interparliamentary Conference, shocked by the horrors of the war that is being waged in the far East, between civi'ized states, and deploring that the powers signatory of the convention of The Hague have been unable to have results the state of the states of the states and states. was next taken up. Congressman Burton, of Cleveland, presented the resolution, and urged its adoption. The resolution was supported enthusiastically, and its adoption was unanimously model. Worth Hulfish (of J. F. Carlin's Sons Co. and its adoption was unanimously voted. By this resolution President Roosevelt is asked to call a second session of The Hague conference.

Great Britain Warned.

M. Souvorin, manager of the St. Petersburg Novoe Vremya, in a long leading article which appears in that paper, again discusses the Asian problem and the argument that the renaissance of China would be more dangerous

M. Souvorin, however, considers that Japan's threat goes even beyond China -to India, where, he says, the eyes of the natives in this conflict are turned, not toward Russia, but to Japan. He expresses the opinion that Russia's defeat would be followed by a conflict between Japan and Great Britain, and consequently concludes that Russia's interests and those of Great Britain, as well as those of the other western powers in the present crisis, are bound to be identical

M. Souvorin says that Great Britain fought for two years a country one-twenty-fifth the size of Japan without any British statesmen foreseeing the money and lives the war would cost, their lack of foresight being hardly less than that of the Russians, and concludes with saving

Stiehl, as the Powers to end the war are considered by the Novoe Vremya, which says there is no prospect of such action by France which country would sincerely like to see peace. The paper says it would rather that Germany should undertake the task of separating the contestants, while Germany has not the same material interest s to be affected as France and the United States. and the United States.

On the other hand, the Novoe Vremya well look forward to the conclusion the war without prospect that any world power will even attempt to interfere.
